Dedication

We, the Class of '30, dedicate this edition of the Seminole High School *Salvagnudi* to our beloved Principal, Mr. McKAY, who has so faithfully and lovingly assisted and guided us throughout our high school career.

To the Faculty

The greatest of heroes, the finest of men,
The bravest of gentlemen living and dead,
The knights of the cutlet and knights of the pen
In tribute most grateful have lovingly said:
"For all that I am and for all I hold best
Please God, may my mother and teachers be blessed."

The things that we honor, the love that we know
For beauty and friendship and learning and worth,
We owe to the ones who have scolded us so,
Our mothers and teachers, our best friends on earth;
All music and painting and poetry sweet
We've learned by the means of the ill-loved test sheet.

Sometimes they are funny and joyous and glad;
Sometimes they inspire us with thoughts pure and high;
Sometimes they grow weary, disgusted, and sad,
Their eyes cut like whips and their word-arrows fly;
But then they regret it so deeply that we
Soon find they are human like just you and me.

The sympathy, loyalty, kindness and care
They taught us to feel and to gratefully show.
The message of Heaven, "To give and to share,
To stand by a friend, and be kind to a foe,"
The throbs of the heart and the thoughts of the brain,
Our mothers and teachers were foremost to train.

MISS JANE LE ROY

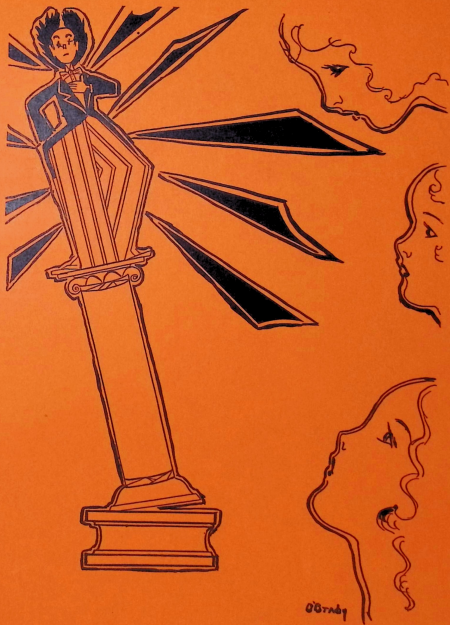

Ruth Bryan Owen Trip

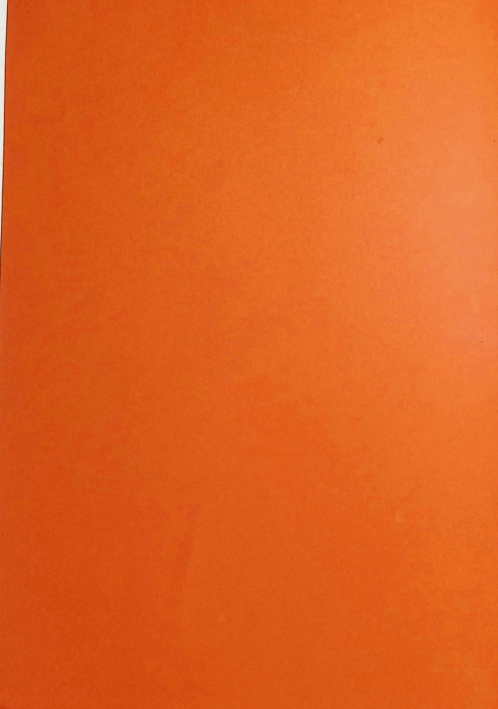

In 1928 when Mrs. Ruth Bryan Owen was making a tour of this State in behalf of her campaign for Congressman from this district, she spoke to the student body of Seminole High School. In her speech to the students she outlined a plan which she intended to carry out were she elected. This plan was to take from each county in her district two high school students on a tour of the Nation's Capital, Washington, D. C. In compliance with this promise Mrs. Owen on April 15 had as her guest these boys and girls from her district. The purpose of the tour was to promote better patriotic spirit and better citizenship in the youth of this State.

In order to be chosen for this trip the student had to possess four qualities: dependability, patriotism, service, and leadership. The representatives were chosen, first by the student body, then by the faculty, and then by the school board. Such was the manner in which Miss Jane Le Roy was chosen to represent Seminole county on the Ruth Bryan Owen Tour of Washington.

Seminole High School feels very fortunate in having such a capable young lady represent it on such a trip. Miss Le Roy is accomplished in the art of speaking and her manner is one which will carry her far. Possessing a personality which makes her all the more charming, Miss Le Roy is said to have made many friends for Sanford and Seminole County. The student body showed good judgment when it chose Jane Le Roy to make this trip to Washington.

To Mrs. Owen Seminole High School owes a debt of gratitude. We are indeed proud to have in Congress a representative with such ability and charm.

History of the Senior Class

Esse Quam Videri! To be rather than to seem! This, the motto of the Class of '30, has been the guiding light of the eighty-four graduates of this year. No class in the history of Seminole High School has lived up to its motto quite so well as this year's graduating class. In honors this class has had more than its share. Since its beginning on September 13, 1926, it has attained success in athletics, social activities, and financial undertakings. To prove this some of the activities in which members of the class have taken part must be cited.

In 1926 the Freshman Class entered S. H. S. with fast beating hearts but with a determination to win. Freshman Day came in March, and the members of the Class of '30 played the leading role in making this day of fun a big success. The Freshmen that year ran a close race for first place in the Hallowe'en Stunt Contest. After the presentation of such an excellent stunt by such a young class, the upper classmen soon began to look upon this group with envy and wonder. In athletics, though they lacked experience, the freshmen never ranked last. By the time the school year was over the Class of '30 had hitched its wagon to a star.

The next year, 1927-28, this industrious class entered Seminole High with the rating of Sophomores. Success was attained by the class as a whole with several members as outstanding stars; these won distinction in football, basketball, baseball, scholarships, and essay contests. One of the outstanding social events of the year was the picnic given the Seniors by the Sophomores.

In the school year of 1928-29, the Class of '30 realized its most successful year. The Junior-Senior Banquet of that year is said to have been the best ever given. The Junior Play, "Under Twenty", was a great success, and the loyalty of the class was displayed in a great manner by the support given. Much of the success of the class during that year must be attributed to the untiring efforts of the sponsors, Mrs. Wimbish and Miss Scott. The Class of '30 made a record during its Junior year which has never before been equalled.

And then! The year 1929-30—Seniors! The dream of all freshmen. The class entered upon this term with an eagerness and determination strong enough to remove the great obstacles. Sponsors were elected, and Mrs. Williams and Mrs. Wimbish were chosen.

The Senior play, "The Radio Mystery", was given at an early date and went over in great fashion. The class departed from an old custom and changed the style of the class rings for this year, getting larger and better looking rings. The Sally Staff was announced, and the annual in itself speaks for the work done by the members of the Staff. The Senior Edition of the Sanford Herald, being issued at a later date than was customary, made the citizens of Sanford realize just what kind of class was graduating this year. The class, as a whole, has been a success and has been honored in every way possible by the faculty, town-people, organizations, sister classes, and school board. Consider this brief sketch of the history of the Class of '30 and then compare it to *Esse Quam Videri*. What have you? Nothing other than a class that has lived up to its motto in every sense of the word.

Though diminished in number in the past four years, the spirit has remained and at last the Class has reached its goal. From their beloved S. H. S. this year's Seniors' next step is college and then—the future—Life! But whether the future brings success or failure, this class will always remain true to the school from which it has learned so many lessons in language, science, mathematics, and experience. The class of '30 will always cherish the memories of the days spent in this beloved institution, from which it is the twenty-third graduating class.

—CLIFFORD BEASLEY

A 1945 Hall of Fame

"And here is the actress Schirard," the guide paused before a portrait, "who starred in Spana's Debut."

"Katherine Schirard?"

"Yes, I warned you that this is the Hall of Fame, which portrays just the members of one graduating class of the city, among whom to be found some of the most famous men and women of the twentieth century."

"And now we see Warren Herbst, the engineer who constructed the tunnel under Lake Monroe, connecting Sanford and Point Enterprise."

"Here is 'Carmen' at her instrument. She is the organist and pianist over W. L. W."

This view shows the pro Terwilliger in action on the Higgin's Long Island course. The golf enthusiast is not alone in admiring the world's most popular athlete.

"There is Thelma Tew!"

"I am glad you recognized the Dean of Women at Vassar. Her history, character, descriptions are a source of inspiration for my lectures."

"Who is the funny little man?"

"That is Billie Hutchinson—"The Miniature Tornado"—Keith Albee's headliner—tap-dances extraordinary."

"This distinguished gentleman I need not make known to you. His fame as the "American Disraeli" and his picture are equally familiar to you."

"It is, old guide, the Ambassador to Spain, Mr. Robbins, is it not?"

"Here we see Allen Fields, the inspector, disciple of Randolph, Chicago's great crime detector."

"Proceed to the next picture. In this view appear the Percephones of the modern world. Here we see portrayed the two sprightly flower girls Elinor Tyner and Ruth Spendlove, the great authorities on horticulture."

Next was the begoggled canvas of Charles Butler. "Here we have the contributor to Scribblers' Magazine, and the instructor in Penmanship whose beautiful signature and handwriting is so widely imitated."

The guide paused before the painted features of Joseph O'Connor with his smiling Irish eyes.

"This Sinn Feiner raises Irish potatoes, shamrocks, and flax on his Micanopy, Florida estate."

"The portrait that we have here is valued at \$1000. It is that of Herbert Gates, posed with his loving wife Wea Ahoalowa, the Hawaiian Princess."

Here we have "The Voice of the Century." It is the personification in paints of John Rotundo whom you hear every evening broadcasting for the greatest wave length station in America—S. G. W. (Static Goldsboro Wails).

"Next we see the august Clifford Beasley, editor-in-chief of Olice Gazette. His lovely pink pages are redolent with his favorite subjects for editorials—the dirt eradication of Maria Moye, the White House maid; and the exploits of Ecoy David, the Gold-Digger."

"Here see Mr. and Mrs. Hyatt. It is said that the former Anna Lenore Brown had the most distinguished bridesmaids and wedding guests to attend her wedding since Cleopatra at her seventh espousal."

"Here is Lady Alma Gordon, the American girl from Longwood who captured a peer abroad."

"This group of educators is as distinguished as their worth is sterling. It consists of Juanita McMullen, Secretary of the new Department of Education in the Cabinet; Margaret Giles, governess to the children of the Secretary of State; and Nellie Williams, Professor of Latin in the new University of Sanford."

"Ethelda Tatterson Montague." The guide paused dramatically while the onlookers breathlessly took in at length and in detail the perfection of mien of Richmond's society mentor.

"Here are Carlton Cain, Esther Prosser, and Grace Lewis, founders of the 'Go To The Dogs' club, with their greyhounds," said a fair spectator.

"And now Ruby and Opal Peters, Chautauqua Artists."

"Oh, I remember they played a "Group of Spanish Folk Songs" so beautifully on last year's circuit."

"This is Grace Oviatt, telephone girl whose pleasant voice you hear daily. In fact since Grace joined the exchange the company has reported a 100% increase in gentlemen phone-users."

"And this gentleman you will undoubtedly recognize from his uniform."

"It is Bob Yancey, coach for the University of Florida football team," cried an athletics' enthusiast among the onlookers.

"The coquette on the south wall is really no coquette but the Right Honorable Representative Torrance—Legislator from Florida in the National Law-making body."

"The chorus, you recognize, naturally. It is one that so charmed its audience in the third scene of "Florio". In it are the damsels, Kathryn Waters, Beverly Bender, and Grace Williams, dancers."

"This distinguished individual is the world's biggest "catch". He is Bernard Lake, President of the Bachelor's Labor Union. He wrote "Henry the Eighth Revealed," the sensation of last year.

"Who is the man with the daring eyes and hawk nose?"

"Do you not recognize 'Speedy' Vernay, King of the Speedway, and "Falcoln of the Winds?"

"And here we have the traveler, explorer and lecturer Jesse Jarrell. You have all read about his latest expedition, a thrilling tiger hunt to India."

"And here is Dr. Cogburn, who cured the President of his critical case of flea bite."

"Madame Tatman, whom we see here, is the sculptress who carved the imposing monument to Bryant in the Plaza facing Lake Monroe."

"You do not need to introduce to us Bettina Campbell, the famous screen lover," the guide was assured concerning the next painting.

Now the portrait of Sanford's style arbiter! The creations by Rosa Lee are preeminent among feminine Modes."

And now the picture of the business world's axle came before the little group. "Onnie David, World Champion Typewriter," chanted the guide.

"Before us we have Frank Russel, the Admiral's Third Vice Cabin Boy. The romance of the sea and the swank of officialdom show in the racy pose the sailor boy has assumed; for this view."

"You all know Nat Farnworth, the Undertaker, in this pose, as always by his quiet efficiency, dignity, and solemnity."

"Here at last Bob Reitz, "The Phantom of the Opera!" His high C's are the delight of the people. His interpretations of "Faust" and "The Student Prince" are immortal.

"Here we have the charming oil of Mary Badger, America's greatest cook—the "Superb Pastries" president and the Calumet Testing Expert.

"And now the famous painting "Three Gentlemen from Ginderville." In it you see portrayed George Oviatt, the wrestler, a gentleman of muscle, brawn, and litheness; Jack Robson, the hunter, who keeps the turtle soup industry alive by his commendable work among the heathen gophers, and Lofton Edenfield, the preacher."

"There are many more famous members in our gallery," said the guide showing to his patrons the following catalogue of thirty "but those that we have seen illustrate the remarkable accomplishment of the members of the Class of '30."

Senior Class Song

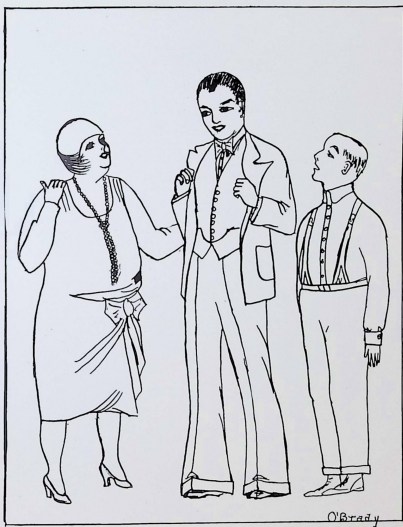

Hail! to dear old Sanford Hi
Hail! to the Class of '30
Ever loyal as the years go by
Proving every classmate worthy

Hail! the garnet and the gold so bright
Hail! to the red rose always
Shining down the years a guiding light
Class of '30 and our high school days

To the work
To the play
To the sport and the fun of the careless day
To the days
That are past
For the memory of those days will always last
To the teams
To the games
To the glory and fame that they gave our name
To the songs
To the cheers
To the dreams and ideals of our high school years

Hail! the garnet and the gold so bright
Hail! to the red rose always
Shining down the years a guiding light

Junior Class Poem

The class of "31" in Sanford Hi—
Has made a record that will never die;
In annals of our school, in letters fair,
In gold and purple it is written there.
The cup for Hallowe'en has been ours twice,
And we all admit that's rather nice—
As Sophs in Volley Ball we won first place,
The Juniors now in Basket-Ball have won the race.
Of letter boys and girls we have our share,
Who proudly on their sweaters S's wear.
We have some members who rate high in books,
And also others who excel in looks.
We hope that Wilhelmine will win the prize
That Mr. Mobley gives to his who tries.
Three Musketeers we have among our ranks,
And on the debating team we drew no blanks.
Among the boys we have full many a sheik,
Don, Harry, Fulton, and that Botzis unique.
In sponsors we believe we lead the school,
They lead us on to victory as a rule.
We lost Miss Cox, much to our sad surprise,
But still we have Miss Vernay as a prize.
Next year when we shall be the senior class
The rest we feel that we will much surpass.
In basket ball and other sports we hope
To put the other classes on the rope.
Some say, "we feel the class of Thirty-one
Will make the whole school proud of what we've done."

The Thespians

TROUPE No. 130 *National Honorary Society in Dramatics for High Schools*

This Seminole High School Chapter, Troupe No. 130, of the National Thespians was organized in April, 1930. The organization helps its members to secure reductions in royalties of plays which they wish to produce. The national magazine, "The National Thespian", helps in the selection and staging of plays. It also helps the director in getting better and more serious work in such matters as attendance at rehearsals, learning lines and being on time; it also provides a means of rewarding worthy effort in the technical side of play production, such as carpentry, lighting, business management, and costuming.

The pin is a silver mask upon which is set a brightly polished or jeweled "T" in gold. To this is attached the symbol of the national organization as a guard. This is a small "N" surrounded by a wreath.

The colors of the society are blue and gold. The Troupe was organized by the Little Theater Club of Seminole High School. The qualifications for membership are very strict.

Charter members of Troupe No. 130 are:

EDWIN SHINHOLSER	GEORGE MOYE	NAT FARNWORTH	HENRIETTA HERSCHOWITZ
HOWARD LINDSEY	GENE TURNER	CHARLES BUTLER	FRANCES REITZ
KELLY POPE	HENDRIX LYLES	JULIA HIGGINS	BETTY HINTERMISTER

LATIN BANQUET

This year the Cicero class gave a Latin banquet which was conducted as in the old Roman days. Cicero, Ed Shinholser, and his wife, Juanita McMullen, ruled the feast, and Antonius, John Terwilliger, and Catiline, Griff Schofield, were among the other Roman lords present. The lords and ladies were dressed in very bright and elaborate costumes and reclined on gorgeous couches. They were attended by slaves chosen from the Freshmen and Sophomore Latin classes. A regular Roman feast was served by the slaves. After the banquet a Roman program was given. The guests included all the members of the Cicero class.

Varsity Basketball

This year the girls are greatly indebted to Mrs. Williams. She has coached basketball here for the past five years and is a most efficient coach. She has also taught the girls "sportsmanship", which is more important than any game.

The girls have a great deal of respect for Mrs. Williams because she is their ideal of what a woman should be—"An All Around Woman."

The varsity team is composed of the best players in school. A girl must have the following qualifications to make a letter:

1. A good offensive game.
2. A good defensive game.
3. Individual teamwork.
4. Ability to lose her opponent.
5. Shooting average.
6. Technique.
7. Style.

This year the judges selected about twenty-five players from the different classes. They played them in a game with girls whom they had never played with before in order to see if they were depending on their partner for all the work. They chose twelve of these for the varsity.

Mrs. Laing, Miss Adele Rines, and Miss Beatrice Howard were the judges this year. Mrs. Morris acted as referee.

KATHERINE SCHIRARD, Forward

Katherine is a steady little player and one of the reasons the Seniors received second place. She receives a gold emblem this year.

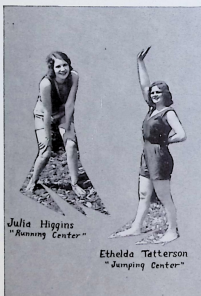

ELLA SPENCER, Captain

Ella has played on the varsity team every year she has been in high school. She is one of the best forwards in school and is noted for her long shot.

BEVERLY BENDER, Guard

A steady, clean player noted for her defensive game. As a result of two years steady work she too receives a gold emblem.

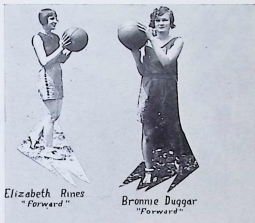

MARIA MOYE, Guard

SARA MAXWELL, *Jumping Center*

"Sacy" is another of the reasons the Juniors took first place. Her offensive can hardly be beaten, and she is there with the tip-off.

ALICE THOMPSON, *Running Center*

Alice is a steady and reliable player. Her passes were well placed and forceful.

The "S" Club of Seminole High School was formed to foster the promotion of cleaner and better sports in this school and community. The "S" Club is composed of the boys and girls of the school who have won letters in various activities. The club has been organized for three years.

The "S" Club awards letters and emblems to the students recommended by the coaches. This organization also has the power to expel a member or deprive him of his letter if he does not live up to the laws of the club.

The club makes the eligibility rules for participating in the inter-class games. To remain a member the athlete must observe these rules.

The athletes who win two letters in any of the major sports, basketball, football, or baseball, and one of these letters in his Senior year is awarded with a gold emblem representing that game by the club.

AYCOCKE—This boy was a great asset in the forward wall. Not many plays came over him. He will graduate in June.

J. HYATT—Jack put up a great fight at guard. Next year ought to find him a great help to the team.

MOYE—A hard hitting full back who made many gains through the line. Moyer should make a fine record in his Senior year.

"Trophies"

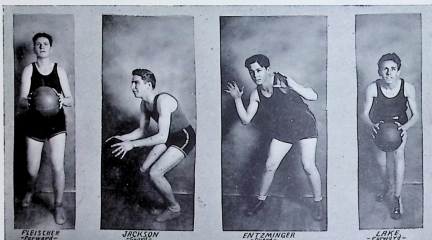

Kiwanis Loving Cup

The Kiwanis organization has taken a great interest in the welfare of the high school. They have presented a Loving Cup to the school for the purpose of stimulating interest in inter-class sports. The class amassing the largest number of points in winning inter-class games wins the right to have its name engraved on the cup. The class of '29 received this honor last year.

Schaal Trophy

Mr. Peter Schaal is vitally interested in inter-school athletics and especially Sanford's participation in such contests. Each year he gives a trophy to the man selected by thirteen football fans who are chosen to judge the man most valuable to the team. This year Lofton Edenfield was awarded the trophy for the second time.

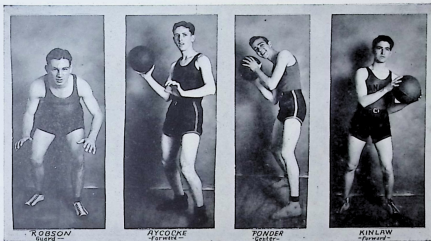

Basketball Resume

The past season in basketball proved to be one of the most successful S. H. S. has had in several years. Though the outlook was very poor at the first of the season, a good team was turned out by Coach Morris in a few weeks. Great power was added to the team when Jackson, a new comer to S. H. S., hit his stride as a running guard. Captain Higgins proved to be one of the most versatile players throughout the season and with the rest of the squad formed a great team for Seminole High.

During the entire season only one regularly scheduled game was lost. This was to the fast quintet from Winter Park. Later in the season Sanford came back against

Basketball Resume

this same team and put it down in defeat. Sanford played outstanding basketball throughout the season, and a wonderful display of team work was shown by the boys.

Proving to be one of the strongest teams in Central Florida, Sanford went to the District Tournament in Leesburg and there advanced to the quarter-finals. Here they went down in defeat to Leesburg, a team they had previously beaten by a large margin in two encounters.

Much credit is deserved by Coach Morris for the wonderful team produced this year. Though lacking material, experience, and equipment, a fighting team went through the season with but two defeats, and through their efforts much credit was given to S. H. S.

Physical Education

Long ago an old Roman poet said, "Sound mind—sound body." Even in those days the world recognized the necessity of physical education. A sound body requires regular, systematic, and proper exercise. Therefore physical education is taught in all the accredited high schools and colleges.

The physical education classes are under the personal supervision of Mrs. Gladys Williams who has fourteen girls and boys acting as her assistants. They are:

Virginia Barnes
Margaret Giles
Katherine Schirard
Alma Entzminger
Ethelda Tatterson
Alice Thompson
Jane Le Roy

Julia Higgins
Maria Moye
Edwin Shinholser
John Terwilliger
Bill Hyatt
Ben Cogburn
Jack Robson

Each student has two forty-five minute periods of "gym" a week, which is a requirement of the State School Law. In the term of 1923, because of the financial conditions, the students were first used as assistant instructors. They proved themselves to be very efficient. Since then the different student assistants have not only helped the school but have also been taught the value of leadership. Because of the success of this plan Mr. McKay decided to continue the "gym" classes with the aid of the students. Any boy or girl who is selected to this position considers it a very high honor because he knows he has the confidence of the faculty.

The regular "gym" classes consist of setting-up exercises, calisthenics, drills, and games. This year the girls have been given a course in rhythmic and folk-dancing by Mrs. Williams. The boys have been given practice in military drilling.

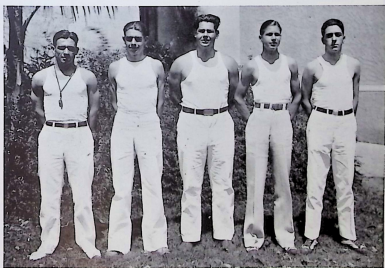

Seminole High School has a most excellent gymnasium. The basketball court is one of the best in the state and has two large adjacent dressing rooms with hot and cold showers.

In order that the pupils will take a greater interest in "gym" work the Kiwanis Club offers an Inter-Class cup to the class winning the most points in sports.

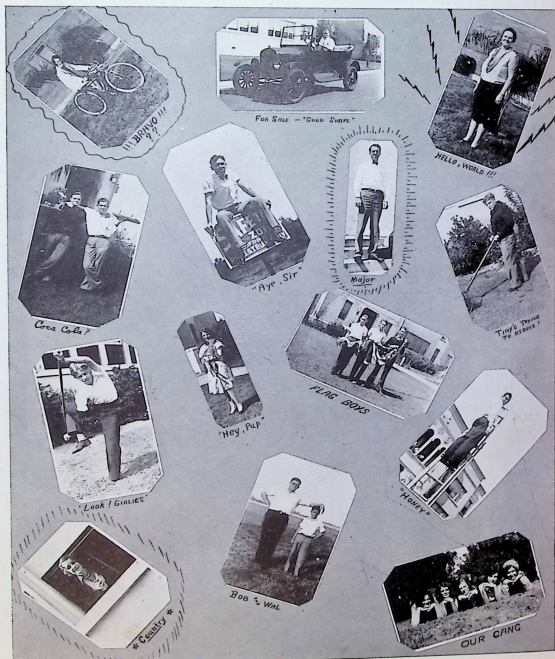

The Physical Education Department is one of the most important departments of the school curriculum.

1

In the classroom of ole S. H. S.
On the campus or anywhere
We wonder why Ethelda
Is continuously combing her hair.

2

A little girl we have taken
To our hearts to idolize:
You will all know Margaret
By her beautiful eyes.

3

Mary stood in line with many girls
And by her striking pose
We became seriously attracted
To the outline of her Roman nose.

4

We raised our eager hands
To prove our use of soap
But when inspected for the proof
Esther was our only hope.

5

Her lips so cherry-red
Are the sweetest in reality
And when we know Kathryn
They tell the sweetness of her personality.

6

I wonder that girl Alma
Of this great Class of '30,
Never in her life of toil and joy
Hides nor lets her teeth become dirty.

7

I cannot describe Dot
But to me she's the best I've seen,
And to all her classmates
She's the "best all around" if you know what we
mean.

I've described the perfect Senior
I tried to do my best
So now I'll lay down my pen
And take a darned good rest.

1

He's just the type for Hollywood
With his hair combed back like a sheik;
But tough luck for Douglas
We'll keep him here among the meek.

2

In recalling the eyes of noted lads
There is Clifford, the ideal boy;
Who with a look from his eyes
Brought to the girls a new joy.

3

John can't go wrong
He must go right
For his nose will lead him
Through the darkest night.

4

Now as I ponder over the idols of our class
There is one you must understand,
So don't be astonished when Cootie
Presents for your approval his unusual hand.

5

Listen, ladies and you shall hear
From the Senior Class all worthwhile tips
Concerning this man called Cogburn
And the decision we reached on his marvelous
lips!

5

I know a lad who smiles and smiles
We'll call by the name of Yancey;
By his gleaming teeth the Class of '30
Have set him up as their great fancy.

7

Of all the athletes here and there
Or in comparison with a Greek God,
Jack is to us the greatest prize
Right here on our Sanford sod.

What imps little letters can be,
As after this story you'll see.
Our menu read noodles
And what's wrong with noodles
Until some imp changed "n" to "p".

Tommy: Up and "atom".

Nat: Oh, go on "ohm".

His heart almost stopped
For moth balls were put in his chest.
